Purpose: This six-month, online school leader training program aims to prepare classroom teachers to move into school leadership positions in Catholic liberal arts schools.

Format: Two monthly meetings will take place the first and third week of each month from 5:30 pm - 7:00 pm (Eastern Standard Time). Each month, an assignment will be given to reinforce the topics and put them into action. During the course of the program, participants will also receive 1 one-on-one advising session with the program leader. An ICLE Certificate of Completion will be awarded for successful completion of the program. Each monthly meeting will include a presentation of content. The second monthly meeting will review content and also include a guided professional discussion using real school scenarios.

Presentations: Presentations are grounded in what it means to be an authentic Catholic School and how this should impact every aspect of leadership. Presentations start with the theoretical and move onto the practical in a way that offers personalized support and guidance to participants. The presentations include Church teaching as much as possible as well as relying on the great saints in Catholic education and formation.
